Decisions about whether the Strong SAU can implement the terms of the IEP, and whether the Strong SAU has an appropriate program or placement for a student pursuant to the requirements of the IEP shall be made by the Strong SAU after a careful review of the IEP for the student. In no event shall the Strong SAU refuse to provide needed special education services as provided in the IEP for students residing in MSAD 58 who are permitted to attend a Strong School Facility under this Agreement, except for student removals of more than ten (10) cumulative days in the school year, when a student has been properly expelled from the Strong SAU, or when the Strong SAU has determined that it cannot provide an appropriate program or placement for a student. MSAD 58 Director of Special Education Services (or other administrative designee) shall represent MSAD 58 for special education programming, supervision of the IEP Team process, and supervision of the student evaluation process for MSAD 58 students attending the Strong SAU school. If the IEP Team is unable to reach consensus on issues that are the responsibility of the IEP Team, MSAD 58's representative at that IEP Team meeting shall make the decisions on those issues, subject to parental due process rights in relation thereto.

The Strong SAU personnel will work cooperatively with the MSAD 58's representative, and upon request will provide the MSAD 58 representative with all information regarding classroom observations, student performance, academic achievement testing and functional behavior assessment components of the student evaluation process. MSAD 58's representative shall provide input to the Strong SAU's Special Education Director (or other administrative designee) on the proper implementation of the IEPs of MSAD 58 students attending the Strong SAU school or perceived deficiencies in the IEP implementation. The Strong SAU shall consider that input in good faith and shall respond in an appropriate manner consistent with the terms of this Agreement. In accordance with Chapter 101 of the Rules of the Maine Department of Education, Maine Unified Special Education Regulation, Section IV(4)(A) and (B), MSAD 58 shall be responsible for all the costs of special education, whether or not those costs qualify for state subsidy, for special education students residing in MSAD 58 municipalities, who attend Strong School Facilities pursuant to the terms of this Agreement. MSAD 58 shall pay the Strong SAU for the special education costs for any such student as follows:

i. MSAD 58, in addition to the tuition for those students as calculated under sections 5804 or, as applicable, 5805, of Title 20-A, shall be responsible for the actual costs of special education for those students, including special education transportation costs and costs for facilities modifications required to accommodate the students.

ii. The Strong SAU will provide itemized invoices to MSAD 58 for regular and special education costs in the same manner as specified in Section 4(0).

e. Educational Decision-Making Authority:

a. The new Strong SAU's Director of Special Education Services (or other administrative designee) shall represent the new Strong SAU as the special education administrator for IEP team meetings. The special education administrator will provide oversight of all aspects of special education, from child find to dismissal, for special educational process for the Town of Strong students attending another SAU. In the event that the IEP Team is unable to reach consensus on issues that are the responsibility of the IEP Team, the new Strong SAU representative at that IEP Team meeting shall make the determinations on the development and implementation of the IEP, subject to the parents' due process rights in relation thereto. The School of Guaranteed Acceptance personnel will work cooperatively with the new Strong SAU representative and, upon request, will provide the new Strong SAU representative with all information regarding classroom observations, student performance, academic achievement testing, and functional behavioral assessment components of the student evaluation process. The new Strong SAU's representative shall coordinate IEP programming with the special education director from students attending the School of Guaranteed Acceptance while maintaining authority as the IEP team administrator.

f. Child Find

a. The new Strong SAU will ensure that all students residing in the new Strong SAU who are between the ages of 3 and under 22 years of age, including children with disabilities that are homeless children, are wards of the State or state agency

clients, children with disabilities attending private schools and receiving home instruction, highly mobile children (including migrant or homeless), children who have the equivalent of 10 full days of unexcused absences or 7 consecutive school days of unexcused absences during a school year, and children incarcerated in county jails, and who are in need of special education and related services, even though they are advancing from grade to grade, are identified, located and evaluated at public expense [24 CFS 300.11(a)(i.ii) and 9C0(1,2), MUSER IV.2(a)]

g. Discipline:

- a. The new Strong SAU will remain the local educational agency (LEA) responsible for ensuring that all disciplinary actions involving students with disabilities comply with IDEA, MUSER, and all applicable state and federal laws. This responsibility extends to students attending any School of Guaranteed Acceptance agreement. Because the new Strong SAU retains responsibility for providing FAPE, it also retains responsibility for ensuring that disciplinary decisions involving students with disabilities are made in accordance with relevant statute and MUSER, including the procedural safeguards set forth in Section XVII. A student with a disability in grades 6 and above may be removed from his or her current educational placement for up to ten (10) cumulative school days in a school year to the same extent as a nondisabled peer, provided the removals do not constitute a change of placement. When removals exceed ten (10) cumulative school days or otherwise constitute a disciplinary change in placement, the new Strong SAU, in collaboration with any School of Guaranteed Acceptance as the attending SAU, shall ensure that all IDEA requirements are met, including determining whether the behavior is a manifestation of the student's disability, convening the IEP Team as required, conducting or reviewing a Functional Behavioral Assessment (FBA) and Behavioral Intervention Plan (BIP) when appropriate, and ensuring the continuation of educational services necessary for the student to continue participating in the general educational curriculum and make progress toward IEP goals. Any of the Schools of Guaranteed Acceptance shall promptly notify the new Strong SAU of any suspension, expulsion, or other disciplinary action involving a Town of Strong resident student receiving special education services so that the Strong can fulfill its continuing FAPE and due process obligations under MUSER.
- b. In accordance with Title 20-A MRSA §1001, sub-§8-A, an out-of-school suspension for a student enrolled in grade 5 may not exceed three days unless the principal determines that there is an imminent danger of serious physical injury to a student or other students and less restrictive interventions would be ineffective.

h. Educational Placement:

- a. The new Strong SAU, as the resident SAU, shall retain the authority and responsibility for all decisions regarding educational placement of students identified with disability, including the provision of special education and related services for students residing in Town of Strong. Educational placement decisions must be made by the students' IEP Team, which includes the parent and representatives of both the new Strong SAU and the School of Guaranteed Acceptance if the student attends high school. Educational

placement decisions are based on each student's unique needs, the requirements of IDEA and MUSER, and take into account the least restrictive environment (LRE). The School of Guaranteed Acceptance for Town of Strong students shall provide information regarding the student's educational program, progress, and available services to assist the IEP Team in making informed decisions. However, attendance at a School of Guaranteed Acceptance does not transfer the new Strong SAU's legal responsibility for FAPE or its authority as the responsible LEA. Any decision to change a student's educational placement, services, or program shall be made only through the IEP Team process in accordance with IDEA and MUSER, with the new Strong SAU retaining final responsibility for ensuring that all decisions comply with applicable state and federal special education requirements.

- b. Once an educational placement decision is established, that placement will be maintained until the IEP team makes the determination that an alternate placement is required to implement the IEP. Parents retain their due process rights if they disagree with placement decisions made by the new Strong SAU.

i. Special Education Tuition:

- a. The tuition rate calculations under section 5804 and 5805 of Title 20-A expressly exclude expenditures for special education. In accordance with Chapter 101 of the Rules of the Maine Department of Education, Maine Unified Special Education Regulation (MUSER), Section IV(4)(A) and (B), the new Strong SAU shall be responsible for all costs of special education, whether or not those costs qualify for state subsidy, for special education students residing in Town of Strong attending another SAU school pursuant to the terms of this Agreement. The new Strong SAU shall pay the other SAU for the special education costs as follows:
- b. The new Strong SAU, in addition to the tuition for those students as calculated under section 5804 or, as applicable, 5805, of Title 20-A, shall pay the receiving SAU's calculation of the total cost of allowable special education costs from the prior year divided by the average daily enrollment of students with disabilities consistent with MUSER, Chapter 101, Section XVIII – Special Education Finance, subsection 2 – Public School Tuition Computations.
- c. For a School of Guaranteed Acceptance, the School of Guaranteed Acceptance will provide itemized invoices at least quarterly to the new Strong SAU for special education costs

j. Dispute Resolution:

- a. The new Strong SAU, as the resident school SAU and LEA responsible for providing a FAPE, shall retain responsibility for ensuring compliance with all procedural safeguards and dispute resolution requirements under IDEA and MUSER. This responsibility includes responding to state complaints, participating in mediations, resolution sessions, due process hearings, and implementing y resulting agreements or decisions. Because a SAU serves as the School of Guaranteed Acceptance and provides the educational program for Town of Strong students, School of Guaranteed Acceptance shall cooperate fully with the new Strong SAU by providing educational records, staff participation, witness testimony, and other information necessary to resolve any dispute. If the new Strong SAU places a

student in an approved private school or other approved educational program pursuant to the student's IEP, the approved private school or program may, in accordance with MUSER, participate as a party in mediation, due process hearings, and expedited due process hearings involving the student's educational placement or the provision of FAPE. In such cases, the private school shall have the rights and responsibilities afforded under MUSER for matters related to the student's placement and services. Notwithstanding the participation of a School of Guaranteed Acceptance or an approved private school, new Strong SAU shall remain the responsible LEA and retain ultimate responsibility for ensuring compliance with IDEA, MUSER, and all final orders, agreements, and decisions relating to its obligation to provide FAPE to its resident students.

- b. Disputes involving Section 504 of the Rehabilitation Act are under the purview of the Office of Civil Rights, and complaints or grievances should be filed directly with that agency.

Career and Technical Education:

Secondary Students attending and tuitioned to an SAU will receive Career and Technical Education under the same terms as the resident student of that SAU. In two of the three tuition agreements, students will receive services at Foster Career and Technical Center, and the fourth tuition agreement will have the students receive services at Somerset Career and Technical Center. Students attending private school approved for public tuition funds will be provided those services through RSU 9 or RSU 54, whichever provides the desired CTE programming.

The Strong SAU will maintain student data using an application that is compatible with the State of Maine system and all data will be uploaded to the State system as required by MDOE rules. All schools receiving Strong resident students will be expected to take part in the MDOE State testing and reporting.

The Strong SAU will contract with the Franklin County Adult Education to provide any Adult Education needed for resident enrollees.

Impact of withdrawal on other schools in the district: There are currently 59 Strong secondary students attending Mt Abram High School. It is not known where parents will choose to send their student (s) to with a choice of multiple systems. The withdrawal agreement will require MSAD 58 to move their grades 5-8 non- Strong resident students to another school within the district following the first year after the effective date. This will increase that school's enrollment, but all the MSAD 58 schools will still be under capacity. With this change to Strong Elementary School (pre-K-8) model, the exchange of Strong students currently housed in other schools would have a minimal impact.

State Subsidy Allocation:

Under 20-A MRS Chapter 606-B, the Essential Programs and Services Funding Act, the new Strong SAU will receive the State education subsidy allocations for Strong resident students tuitioned to another SAU school.

Tuition Invoices and Payment- All SAU's who receive Strong Resident students will provide itemized invoices, due and payable within 30 days of receipt, to the new Strong SAU for regular and special education costs as follows: the first invoice will be issued after the other SAU receives tuition data from the Department of Education on the current year's costing. Tuition will be billed from the first school day through the last day of the month preceding the other SAU's receipt of tuition data from the Maine Department of Education. For the purposes of clarity, if the other SAU receives tuition data in December, they will bill the new Strong SAU for costs from September through December. After that, tuition will be invoiced two more times, once in March and once in June.

5. Need for School Construction. Withdrawal of Strong from MSAD 58 will not create the need for state subsidized school construction within five years from the effective date of withdrawal. The school located within the Town of Strong, formerly the Day Mountain Regional Middle School, will be transferred to the Town of Strong, who originally owned the school when the current district was formed and serve resident students from the Town of Strong as determined by the new Strong SAU

6. Transportation. The new Strong SAU shall have full responsibility for transporting its students to and from schools located within Strong. All field trips, athletic trips, and other student transportation needs will be provided for pre-K-8. Provided that secondary programming is available at each location and parent(s) wish to have their student attend the SAU's secondary school choices, transportation is as follows:

- The new Strong SAU will provide transportation to the MSAD 58 secondary school daily for 10 years.
- The new Strong SAU will provide transportation for secondary students to RSU 9 daily for 10 years.
- The new Strong SAU will provide transportation for secondary students to RSU 74 daily for 10 years.

Secondary Students will be transported from Strong to Foster Career and Technical Center in Farmington similarly to other students attending a choice school. For Students attending RSU 74, they will be transported via RSU 74 buses to Somerset Career and Technical Center.

7. Personnel:

The new Strong SAU recognizes its responsibility to contribute to the existing MSAD 58 staff contracts entered into by MSAD 58 prior to the referendum vote by Strong residents to withdraw.

There are four collective bargaining agreement (CBAs) that currently pertain to MSAD 58 employees that may be employed by the new Strong SAU following Strong's withdrawal as follows:

- a. Collective bargaining agreements listed above that are in effect on the Effective Date and that expire after the Effective Date shall, to the extent they cover current employees' positions that will be included in the new Strong SAU, be assumed by the new Strong SAU as of the Effective date. If withdrawal is approved by the voters of Strong, MSAD 58 shall have no further authority to bargain with respect to employment positions in the new Strong SAU for any period following the Effective Date.
- b. If any collective bargaining agreement that will expire prior to the Effective Date, MSAD 58 is required to bargain in good faith with respect to successor agreements to those agreements subject to negotiations prior to July 1, 2027. Following Strong's withdrawal as of July 1, 2027, the new Strong SAU shall assume the MSAD 58's existing bargaining agreements to the extent that they cover employees of MSAD 58 assumed by the new Strong SAU at the end of the 2026-27 school year who have a right to continued employment as of July 1, 2027. Following Strong's withdrawal, the new Strong SAU School Board will extend representational rights to the bargaining units listed above for the purpose of negotiating future bargaining agreements. If on the Effective Date, MSAD 58 is engaged in negotiations with the above bargaining unit(s), the new Strong SAU School Board will assume responsibility for those negotiations insofar as they pertain to the employees of the new Strong SAU. If no new collective bargaining agreements have been reached between MSAD 58 and the bargaining units above as of the date of the withdrawal, the new Strong SAU School Board will honor the terms of any existing agreement that remains in effect past their termination date and will honor the status quo in accordance with the requirements of the Maine Labor Relations Board with respect to employees assumed to the new Strong SAU.
- c. Employees occupying employment positions that are included in existing bargaining units and are to be included in the new Strong SAU shall continue to be represented by the bargaining agents representing them before the Effective

Date. The School Board of the new Strong SAU will extend negotiating future collective bargaining contracts.

- d. Prior to the Effective Date, MSAD 58 shall not make decisions affecting employees who have been offered employment or hired for positions that will be included in the new Strong SAU for the sole purpose of interfering with the new Strong SAU's efforts to retain employees in such positions. The parties acknowledge, however, that MSAD 58 has a statutory obligation to bargain in good faith with its employees, some of whom may become employees in the new Strong SAU in the future, and further that MSAD 58 reserves its rights to manage its school system and make pedagogical and program decisions in good faith and with the best interests of MSAD 58 students and taxpayers in mind.

Continuing Contract Rights under Section 13201.

The withdrawal of Strong will not affect the continuation of continuing contract rights under 20-A M.R.S. § 13201. On June 30, 2027, the effective date of withdrawal, all continuing contract teachers assumed by the Strong schools in 2027-28 who have not been non-renewed shall become continuing contract teachers of the new Strong SAU. Prior to the effective date of this agreement, the Superintendent of MSAD 58 will compile a list of continuing contract and probationary teachers who will be transferring to the new Strong SAU. The new Strong SAU shall credit probationary teachers assumed by the new Strong SAU, who become employees of the new Strong SAU with prior consecutive years of probationary service, if any, that they accumulated as employees of MSAD 58. A list of continuing contract teachers and probationary teachers with their number of years of service toward continuing contract status, assumed by the Strong school shall be attached as **Exhibit 5**. This list shall be updated to June 30, 2027, by MSAD 58 and the updated list shall be attached to this Agreement as **Replacement Exhibit 5**.

8. Financial Obligation/Commitments

MSAD 58 is currently indebted on bonds issued for the Revolving Renovations at Mt Abram High School and Phillips Elementary School. These include bonds for State-approved debt service. Under 20-A M.R.S. § 1466(16) when a municipality withdraws from a regional school unit having outstanding indebtedness, the MSAD remains intact for the purpose of retiring and securing that debt.

Debt Service on the Revolving Renovations Bond dated 2017, MSAD 58 issued a bond for the funding of a State Approved Revolving Renovation Bond. As of the Effective Date of this agreement, MSAD 58 will owe the final payment of principal. As means of retiring the Town of Strong's share of this indebtedness, MSAD 58 will make the final principal installment on this indebtedness prior to July 1, 2027.

Financial debt from loans

There is financial outstanding debt associated with buses purchased prior to the operational date and tractors purchased in FY25, the new Strong SAU shall assume responsibility for its the proportional share (24.6%) of all outstanding indebtedness as of June 30, 2027 indebtedness.

For any bus transferred to the new Strong SAU that has associated outstanding debt, the new Strong SAU shall assume responsibility for that debt, provided that the corresponding state bus purchase allocation is also added to the new Strong SAU Essential Programs and Services (EPS) allocation.

The Parties acknowledge that MSAD 58 may be liable for future legal claims based on incidents arising prior to July 1, 2027, when Strong was a member of MSAD 58. The new Strong SAU shall be responsible for and agrees to pay our proportional share of MSAD 58's costs, expenses, damages, and other losses arising from such claims, including costs to defend such claims, to the extent that MSAD 58's costs, expenses, damages, and other losses are not covered by insurance or other sources. MSAD 58 shall give written notice of such claims to the new Strong SAU within 30 days after MSAD 58 receives notice of a claim. MSAD 58 shall regularly update the new Strong SAU regarding the status of such claims and shall consult with the Superintendent of the new Strong SAU before entering a settlement of such claims.

During FY 2026-2027 MSAD 58 may issue notes or enter additional lease purchase financing arrangements to upgrade bussing for MSAD's school system or for other purposes voted on by the citizens of the district. Such improvements are not currently contemplated, however may be necessary in case of a failure of a structure or building system or other need. If Strong votes to withdraw from MSAD 58 as of the November 2026 statewide voting date, under 20-A M.R.S. § 1466(16), MSAD 58 will remain intact for purposes of retiring and securing that indebtedness.

To the extent that such indebtedness is related to real or personal property located at or serving only school facilities in Strong and is a general obligation, the MSAD 58 school board shall provide for the debt to be approved at an MSAD 58 referendum vote conducted in accordance with the general laws but only in Strong and not in the other MSAD 58 member towns. Prior to the Effective Date, the obligations will be authorized to be issued by the MSAD 58 school board in the name of MSAD 58, but these obligations shall be obligations only of the new Strong SAU, and to the extent the obligations are general obligations they shall be secured by ad valorem taxation in Strong but not the other member towns of MSAD 58. On or after the Effective Date, the obligations will be authorized to be issued by the selectmen or other school or municipal officers, as applicable to the new Strong SAU under the general laws, except that, as provided herein, any voter approval requirement applicable to the issuance of such indebtedness shall be deemed to have been satisfied by the referendum approval in Strong as described under these procedures. Whether issued before or after the Effective Date, in either case, the new Strong SAU hereby agrees to assume, and at its own expense to pay, such indebtedness entirely from funds of the new Strong SAU with no contribution or participation by MSAD 58.

Superintendent's Contract: MSAD 58 signed a 2-year contract with Superintendent Laura Columbia in 2024, for a term that was extended by one year and continues through June 30, 2027 (the "Superintendent's Contract"). This contract was again extended on January 2026 for 3 additional years expiring on June 30, 2030. Within sixty (60) days of a finalized audit, Strong will contribute a 2-year proportional share toward the superintendent's salary to fulfill two-year's worth of contractual obligation for the contract ending on June 30, 2030. The new Strong SAU will hire a part-time Superintendent to develop an operational budget and hire or contract for support staff for other administrative duties and have full contractual

responsibility to these employee(s), therefore will not continue the proportional share more than two years after the effective date of withdrawal.

In addition to the school buses listed in Exhibit 1, any and all personal property located at the Day Mountain Regional Middle School, formerly the Strong Elementary School properties proportional based on 5-8 enrollment used exclusively for Strong's school programs as of the date of withdrawal, including movable equipment, furnishings, textbooks and other curriculum materials, supplies and inventories shall become property of the new Strong SAU on the date of withdrawal. Additionally, proportionally (34.5%) based on pre-K-4 enrollment, movable equipment, furnishings, textbooks and other curriculum materials, supplies and inventories used exclusively for Strong's school programs as of the date of withdrawal, including movable equipment, furnishings, textbooks and other curriculum materials, supplies and inventories shall become property of the new Strong SAU on the date of withdrawal. Following the Effective Date, MSAD 58 shall provide the new Strong SAU with a bill of sale or other instrument of transfer as reasonably necessary to establish the new Strong SAU's right, title and interest in such personal property.

Buses and Tractor:

To facilitate the new Strong SAU's transportation of students, MSAD 58 shall transfer to the new Strong SAU without charge, 4 buses listed on **Exhibit 1** to this Agreement.

10. Division of Monetary Assets.

Agenda Item #5. PUBLIC PARTICIPATION

On behalf of the RSU #74 Board of Directors, I want to make it clear that we encourage public comment during the Public Comment portion of this meeting. There are restrictions, however, on what is allowed to be discussed publicly. Those comments are limited to policy and procedures in general terms.

Comments or complaints that may pertain to personnel and/or personnel issues should be raised through RSU #74 School Board Policy JII/KI/GBK. This policy outlines the procedures to be followed.

Each individual choosing to speak tonight will be provided with 3 minutes so that we can hear from as many members of the public as possible.

The RSU #74 Board of Directors will follow RSU #74 School Board Policy BEDH/KD in that public participation will be limited to no more than 30 minutes in total length and that all comments at a regular meeting may deal with any topic related to the Board of Directors' conduct of the schools. The Board of Directors shall give due attention to comments and contributions from the audience but shall not respond or take any immediate action."

For those who wish to participate, please note that in order to keep things running smoothly, we do have a number of guidelines that people need to follow when making public comment. Those include the following:

- 1. Please address your thoughts to me, the Chair, and the rest of the School Board.*
- 2. We expect all members of the public to remain civil during the public comment period. This includes the speaker, as well as members of the audience. This means you may not share gossip, make defamatory comments, or use abusive or vulgar language.*
- 3. Individuals should not provide thoughts/reactions/commentary unless recognized by the Chair. We request that you do not clap, boo, or provide similar reactions.*
- 4. Comments about specific individuals, including students and school employees, have the potential to violate the rights of those individuals, and will not be tolerated.*

If the Board has specific procedures or policies with respect to the matter on which you are commenting, I may redirect you to those policies rather than allow you to continue. If another commenter discusses the issue you wish you discuss, you may address the Board, but please try to reduce repetition.

Please note that if you violate these rules or exceed the time allotted to you, I may give you a warning or ask you to stop. If you choose to continue, you will be asked to leave and escorted out.

On behalf of the Board, we appreciate your interest and look forward to hearing from you. I will now recognize the first speaker – are there any individuals present that would like to address the Board?

B. Strong & Kingfield possible HS Tuition Agreement

1. Sue Pratt, Chair of the Strong Withdrawal Committee, outlined the town's intent to navigate the state-mandated 22-step withdrawal process.
2. Secondary enrollment is projected to decline significantly, moving from the current 59 students to 47 within five years, and eventually down to 21 students.
3. The proposed model involves running a K-8 school while providing school choice at the secondary level. The primary goal is "saving the Strong School" rather than reducing costs.
4. To move forward, the committee requires board minutes containing the specific language of the resolution; the plan cannot be submitted to the state without this documentation.
5. Following state review and potential modifications, the plan must go to a public vote. To pass, the turnout must meet a threshold of 50% of the number of voters who cast ballots in the last gubernatorial election.
6. The committee aims to maintain MSAD #58 as an option for families while adding further choices to meet diverse needs. Currently, 20 of the 59 secondary students attend FCTEC. Families will eventually be asked to formally declare their school of choice.
7. Muffy Witham (Kingfield representative) shared previously that they are considering a similar structure but was not in attendance.
8. Passing a resolution at this stage signifies a commitment to the process but does not finalize the withdrawal; a separate vote would still be required to approve the specific tuition plan.
9. Is the Board willing to sign an agreement to take high school students from the towns of Strong and Kingfield if their towns vote to leave MSAD 58?

a. Discussion

i. Possible Resolution:

- (a) "'RSU 9 will accept secondary students, who reside in the communities of Strong or Kingfield as part of a Strong or Kingfield SAU creation from the withdrawal of Strong or Kingfield from MSAD 58. Student acceptance would follow the creation of a 10 Year Tuition Agreement between RSU 9 and the Strong and/or Kingfield SAU".

10. Vote

<i>Motion to approve resolution as read.</i>	<i>Yeas:</i> Jeff Barnum, Gwen Doak, Scott Erb, Lance Harvell, Greg Kimber, Wayne Kinney, Angie LeClair, Gloria McGraw, Katie Martikke, Gerald Provencher, Josh Robbins, Rich Ruhlin, Dina Spenciner <i>Nays:</i> <i>Abstain:</i> <i>Student Yeas:</i> <i>Student Nays:</i> <i>Student Abstain:</i> 1001/0/0	<i>Motion:</i> Scott Erb <i>Second:</i> Lance Harvell <i>Motion:</i> Passed

C. FY 27 Budget Committee Updates

1. Review

- a. Draft #s & Articles
- b. 3-6-2026 Staff Budget Memo
- c. Draft Town #s

2. Discussion/Questions?

a. 3-12-2026 Budget Committee Agenda

- i. The Budget Committee produced a fair proposal by balancing a declining student population and retiree attrition to remain fiscally responsible to member towns.
- ii. The development process was transparent and disciplined; while not every request could be funded, the result is a passable budget that sits below the CPI and supports the RSU 9 strategic plan.
- iii. Operations will prioritize immediate repair and maintenance to avoid the long-term costs of deferred upkeep.
- iv. The fund balance will be applied strategically to prevent a future "funding cliff" while maintaining current stability.
- v. Staff reductions were limited to mostly retiree positions while working to not overwhelm the remaining workforce.
- vi. Elementary class sizes remain consistent with last year and stay below state mandates, consistent with Maine and Vermont having the lowest student to teacher ratios in the nation.
- vii. Public outreach is needed to clarify that property valuations are not set by RSU 9, helping to correct

common misconceptions about the tax base.

3. Next Steps

- a. Need to set up a 1hr Board Budget Workshop meeting next week
 - i. A Doodle will be set up to schedule a board workshop next week to go through the budget and to answer board member questions.
